Title: DIAPHRAGM PUMP AND ANODE STREAM RECIRCULATION SYSTEM  
USING SUCH PUMP FOR A FUEL CELL

This is a decision on the renewed petition received November 14, 2001 for retroactive foreign filing license.

It has been determined that a retroactive license for foreign filing under 35 U.S.C. 184 be granted with respect to the filing(s) listed below. The petition complies with 37 C.F.R. 5.25 in that there is an adequate showing that the subject matter in question was not under secrecy order, that the license was diligently sought, and that the material was filed abroad without the required license under 37 C.F.R. 5.11 through error and without deceptive intent.
